RMM Solutions Announces Partnership with Focus on Energy to Help Wisconsin Businesses Save Money and Energy

Wausau, WI – 12-16-2009 – RMM Solutions, a leader in technology solutions, today announced a new partnership with Focus on Energy, Wisconsin's statewide resource for energy efficiency and renewable energy. RMM Solutions works with businesses and organizations to implement green IT technology so they can save money and receive Focus on Energy financial incentives.

In partnership with Focus on Energy's Green IT program, RMM Solutions has been promoting energy savings by encouraging their customers to implement green IT technology such as virtualization. This solution helps businesses save time and money on maintenance, software upgrades, calls to the help desk and electrical power.

Focus on Energy can help Wisconsin businesses pay for IT technology through financial incentives for energy-saving technology projects. Focus on Energy has already saved Wisconsin businesses more than \$239 million dollars in annual energy costs.

"As energy prices rise, more and more Wisconsin businesses are looking for ways to curb runaway energy consumption in data centers and information technology departments. RMM Solutions is a great partner of Focus on Energy helping their customers make good purchasing decisions that save energy and money through Green IT initiatives," said Geoff Overland, IT and Data Center Business Development Manager, Focus on Energy.

"Now more than ever 'Green IT' energy efficiency is a smart investment. We see our partnership with Focus on Energy as a benefit to our customers. And it just makes good business sense. With energy costs rising, we need to do everything we can to help our customers stay competitive," said Rimon Moses, CEO for RMM Solutions.

About Focus on Energy

Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not be completed, or to complete projects sooner than scheduled. Its efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment and control the state's growing demand for electricity and natural gas. For more information, call (800) 762-7077 or visit focusonenergy.com.
