Focus on Energy's Geoff Overland to Discuss Green IT Technology and Incentives at RMM's Technology Fair

Wausau, WI – 03-16-2010 – Now more than ever businesses need to work smarter and leaner. New Green Information Technology can help your organization save money and energy while improving budget, bottom line, productivity and your reputation as an environmentally friendly organization.

RMM Solutions is proud to present Geoff Overland, IT & Data Center Business Development Manager, Focus on Energy, Wisconsin's statewide program for energy efficiency and renewable energy, as the 2010 keynote speaker at RMM Solutions Technology Fair. Overland will discuss Green IT technology and incentives, why energy efficiency is important to every business, look at IT and data center energy consumption, discuss energy efficiency best practices for IT and data centers, and much more.

"When we present a keynote speaker, it is critical their material and experience exceed attendee expectations and provide our customers with industry knowledge to help them in their business planning. The Green IT Technology keynote session will offer attendees a comprehensive understanding on how businesses can work smarter, save money and energy," said Rimon Moses, Chief Executive Officer, RMM Solutions.

RMM Solutions Technology Fair takes place on May 4, 8:00 a.m. – 4:00 p.m., at the Jefferson Street Inn, Wausau. For more information on RMM Solutions Technology Fair, call RMM Solutions at 715.848.3292, ext. 314 or visit www.rmmsolutions.com.

About Overland

Geoff Overland oversees the requirements, planning, and development of Focus on Energy's Green IT programs. Prior to joining Focus, Geoff was working for an Enterprise Resource Planning software manufacturer, Navision, when they were acquired by Microsoft. This placed Geoff in a position to manage Microsoft's Wisconsin midmarket business for 4 years. Geoff received his undergraduate degree in Computer Science from the University of Wisconsin – Madison.

About Focus on Energy

Focus on Energy works with eligible Wisconsin residents and businesses to install cost effective energy efficiency and renewable energy projects. Focus information, resources and financial incentives help to implement projects that otherwise would not be completed, or to complete projects sooner than scheduled. Its efforts help Wisconsin residents and businesses manage rising energy costs, promote in-state economic development, protect our environment, and control the state's growing demand for electricity and natural gas. For more information, call (800) 762-7077 or visit focusonenergy.com.
