RMM Solutions to hold Technology Fair

Wausau, WI – 03-16-2010 – RMM Solutions, a leader in technology solutions, announced it will hold a Technology Fair on May 4, 8:00 a.m. – 4:00 p.m.. It will be held at the Jefferson Street Inn, Wausau.

This year's conference focuses on how organizations can save money and energy while improving budget, bottom line, productivity and revenue through smart technology – creating an energy efficient Green IT environment.

Attendees will have the opportunity to attend several breakout sessions that will focus on how technology can help an organization work smarter, understand the new challenges and opportunities in mobile computing, reducing costs and enhancing efficiencies with green IT including power management and data efficiencies. The conference will also feature the latest technologies with more than a dozen technology manufacturers and vendor representatives providing live demos. Attendees can also interact with their peers and hear live case studies discussing how their business has been transformed through smart Green Information Technology.
