RMM Achieves HP HealthCare Elite Status

Wausau, WI – 12-21-2010 – RMM Solutions, a leader in technology solutions, announced today that it has achieved HP PartnerONE Healthcare Elite status. HP partners who attain Healthcare Elite status are considered experts in the healthcare environment, with superior HP-validated industry qualifications in everything from small practices to large healthcare systems.

"We're proud to expand our growing list of HP Elite partner credentials with this new designation," said Rimon Moses, CEO at RMM Solutions. "We understand the unique challenges and increasing regulatory compliance of healthcare organizations. By working closely with our healthcare vendor partners, we can continue to offer a broad portfolio of solutions to ensure our healthcare customers receive the greatest value from their IT systems, including practice management, EHR, data access and security."

"HP Healthcare Elite partners, like RMM, are experienced in designing, installing, and supporting healthcare solutions that can have an immediate impact on customers' businesses and people's lives," said Mike Humke, vice president, Public Sector, Solution Partners Organization – Americas, HP. "We're pleased to recognize RMM as a valued partner in leading with and delivering HP technologies and services to organizations in the healthcare segment."

The HP PartnerONE Healthcare Elite status identifies and rewards Preferred Partners that demonstrate a best-in-class competency and an on-going commitment to the healthcare market. RMM achieved this designation by meeting specified solution competency with key Independent Software Vendor (ISV) partners and sales criteria, including specific training requirements and certifications.

About RMM

RMM Solutions has partnered with hundreds of organizations to deliver business-building technology solutions that work. Utilizing our **unique consultative approach**, we seek to fully understand the complex needs and initiatives of our clients before recommending a solution. We go to great lengths to **ensure that our solutions will** perfectly match and even surpass their needs. We then provide **dependable and intelligent support** to ensure that our clients' technology continues to serve its intended purpose for a long time, quietly yet powerfully.
