Hermening Financial Group Selects RMM Solutions' Managed Services to Mitigate Risk and Meet Regulatory Compliance

Wausau, WI – 06/29/2011 – RMM Solutions, a leader in technology solutions, announced today that Hermening Financial Group, Wausau, Wisconsin, has selected RMM's ProActive Managed Services to mitigate risk and meet regulatory compliance while reducing overall IT costs.

RMM Solutions implemented ProActive managed services to manage and protect their network infrastructure within their three offices – Wausau, Stevens Point and Green Bay. RMM's managed service helps prevent system downtime, stop virus and spyware infections, lower overall IT costs and provides access to a local helpdesk.

Our customers come first, that's the motto of Hermening Financial Group, one of Northern and Central Wisconsin's leading planning and investment firms. Since Kevin Hermening began providing investment advice more than 18 years ago, Hermening Financial Group has provided top investment care and planning to its customers while securing their privacy. This tradition continues today, and the firm has carefully selected a service provider that has put into place security measures to safeguard their customer's and company information while meeting compliance standards.

"In today's world with the mass of electronic information used in our industry, we take very seriously the responsibility of protecting not only our firm's information, but that of our clients as well. We are quite confident that RMM Solutions can help us maintain the secure environment we require and provide us with a level of customer service that will be second to none," said Kim Payne, Operations Director, Hermening Financial Group.

"We're honored to have Hermening Financial Group as a part of our technology family. As their IT partner, we value their faith and trust in our organization. When it comes to managing your network resources, RMM partners with you as your virtual IT department. We can assist your existing in-house IT or we can provide you with the complete and comprehensive IT services you need including access to a local helpdesk," said Rimon Moses, Chief Executive Officer of RMM Solutions.
